Just got done from meeting with Butch Knowlton who's with the EOC. Tried to lay out a plan for below. They are concern that we will have no new information to share but are also concerned that EPA has not been present for the last 32 hours and therefore thinks we should get information out. Question to both of you is what can we share tomorrow afternoon about the data?

Subject: What Shaun would like to do tomorrow

1. See the River
2. Go to the EOC
3. Go to the Water Treatment Plant –but include the state on tour
4. Meet with elected officials at EOC –if you determine it's wise
5. Public meeting (Not likely, unless you think otherwise)*

*There's a woman at the San Juan County health dept who offered space if you want it. Will get her number from Rich.

Also checking on Shaun's flight in tomorrow. We think it's 9:30. Will shoot you a line once travel folks back in.

Also Joan's cell is: 303 917-8776 if you need it. I believe she's here tomorrow and we should share whatever proposal you have for his day in Durango with her in the morning. Good luck. Let me know what I can do.
